PRODUCT SHEET · 4 PAGES · FROM HOME CHARGING TO HIGHWAY CHARGING.

Your car has a companion. Your energy has a brain.

Tell Precifarm where you are going. It plans the route, charging, cost and next steps — across your vehicle, home energy and the Precifarm network. Not a chatbot. Not a glorified map.

MOBILITY + ENERGY | M-PESA BUILT IN | ASK · PLAN · ACT | ANDROID 8.0+

Same products we install — Spark through Corridor, Pod and Pulse. Precifarm Agent is the intelligent layer on top.

TYPICAL CHARGING APP

Find a hub, size a charger and pay with M-Pesa.

PRECIFARM AGENT

Tell us where you are going — we figure out how to get you there, where to charge, what it costs, and handle the details with your approval.

APK: precifarm.com/download · Package com.precifarm.mobile · Play Store and iOS not available yet.

Ask. Plan. Act. Auto.

You always know what Precifarm Agent is doing. Auto mode only runs low-risk rules you define — never silent payments or vehicle control.

Ask
Questions answered. No side effects.
"Can I make it to Nairobi on 38%?"

Plan
Route, charging stops, cost and timing.
"Get me to Kisumu by 5 PM tomorrow."

Act
Navigate, charge or pay — after you approve.
"Charge now at the Corridor hub."

Auto
Your rules only — never silent payments.
"Prepare 80% before weekday 7 AM departures."

Capabilities — labelled honestly

CAPABILITY	STATUS	SUMMARY
Charging Hub	LIVE	Precifarm, EVChaja, ChargeNet and partners — honest live and planned labels.
Trip + charge planner	ROLLING OUT	Destination, stops, arrival SOC, cost and why this plan.
Battery brain	ROLLING OUT	Can I make it? — range bands with assumptions shown.
Payment	LIVE	M-Pesa, USSD and SMS. Price shown before PIN.
Home energy planner	ROADMAP	Solar, Pod, Pulse, EV and grid orchestration.
Fleet planner	ROADMAP	Depot priority, SOC, cost and downtime for fleets.

LIVE IN THE APK

- Charging Hub with live and planned site labels
- Home Pulse and Pod energy storage surveys
- M-Pesa session pay and Lipa Pole Pole instalments

ROLLING OUT

- Command-centre home with proactive charging suggestions
- Ask · Plan · Act modes and trip planner
- Trust centre — what Precifarm Agent knows, estimated and did

© 2026 Precifarm

Live stays live. Planned stays planned.

Precifarm Agent never invents charger availability, pricing, battery state or M-Pesa transactions. When data is missing, it says so.

STATUS	MEANING
LIVE	Verified now — source and timestamp shown
RECENT	Observed recently; may have changed
ESTIMATED	Model or heuristic — assumptions listed
PLANNED	Announced — not operational yet
UNKNOWN	No reliable source yet

Agent loop

01 **Observe** Vehicle, journey, chargers, energy

02 **Understand** Intent and your saved rules

03 **Plan** Route, stops, cost

04 **Verify** Tools, permissions, freshness

05 **Propose** Clear recommendation

06 **Approve** You confirm pay or navigate

07 **Act** Authorized APIs only

PERMISSION TIER	EXAMPLES
Read	SOC, charger status, energy data, location
Act	Schedule charge, navigate, request quote, book service
Pay	M-Pesa STK, purchase, financing application

Get Precifarm Agent on Android

Download only from precifarm.com. Sideload the APK — not on Play Store yet.

NAME **Precifarm Agent**	PACKAGE **com.precifarm.mobile**
VERSION **1.0.0**	MINIMUM OS **Android 8.0+**
FILE **precifarm.apk**	WEB HUB **precifarm.com/hub**

What is Precifarm Agent?

The intelligent mobility and energy layer in the Precifarm Android app — trip planning, charging, home energy sizing and M-Pesa pay. Not a live chatbot.

Was this called AI companion or Copilot?

Yes. Precifarm Agent is the public name for the Android app. The APK filename stays precifarm.apk until Play Store listing ships.

Will Precifarm Agent spend M-Pesa without asking?

No. Payments require explicit confirmation unless you set a trusted automation rule. Totals are shown before PIN.

Can I use Charging Hub without installing?

Yes — precifarm.com/hub works in the browser. Filters, directions and session pay live in the Android app.

Start with Charging Hub.

The web hub works without the APK. Precifarm Agent adds planning, proactive advice and M-Pesa on your phone as features roll out.
